Scheduling

1. The following court schedules are established to reduce occupancy in the courthouse and courtrooms while administering justice and the public's business:

Appearances dates in the various courts in the courthouse shall be staggered to control amounts of people entering the courthouse.

- a. District Court schedules use Tuesdays as primary appearance days;
- b. County Court use Wednesday as primary appearance days;
- c. Justice Courts use Thursdays for appearance days.

2. Each judge will include information on orders setting hearings, dockets notices, and in other communications notifying individuals who are in vulnerable populations of the ability to contact the court to identify themselves as a vulnerable individual and receive accommodations. A notice with this information will be posted on the courts' websites and in conspicuous locations around the court building (a copy of which is attached).
